

Participant Feedback Form

Pilot Project for Reviewing & Recognizing Education and Training Programs

Note: These questions are intended to elicit feedback on the pilot project. The College will use the information received to improve and finalize the process.

Application Form

1. How useful is the **design** of the Application Form, in particular the online format, for submitting your information?

Please comment.

2. Are there any **unique elements** or qualities of your program, or the program delivery methodologies, that you were not able to identify or sufficiently highlight using the Application Form?

Please identify.

3. What **additional feedback** would you offer to make the Application Form clearer, easier to understand or more efficient to complete?

Mapping Tool

4. How effectively does the Mapping Tool provide a means for describing your program's **alignment and compliance** to the competencies?

Please identify specific suggestions that would improve the process or the tool.

5. How effectively does the Mapping Tool provide a means for identifying the **supporting evidence** of your program's alignment to the competencies?

Please identify specific suggestions that would improve the process or the tool.

6. How useful is the **design** of the Mapping Tool, in particular the online format, for submitting your information?

Please comment.

7. Is the **wording** of the Mapping Tool clear and concise?

Please provide suggestions on wording that will improve the Mapping Tool.

8. Are the **instructions** provided for completing the Mapping Tool clear and sufficient?

Please provide comments regarding the instructions or further guidance that would assist in completing the Mapping Tool.

9. Do the **selected** main competencies and sub-competencies provide sufficient context and breadth for identifying how your program enables students to develop the entry-to-practice competencies for Registered Psychotherapists?

Please comment on how the selected competencies constrained or facilitated your ability to describe your program's alignment and compliance with the entry-to-practice competencies.

10. Are there any **unique elements** or qualities of your program, or the program delivery methodologies, that you were not able to identify or sufficiently highlight using the Mapping Tool?

Please identify.

11. What **additional information** would make the Mapping Tool clearer to understand or more efficient to complete?

Overall Process

12. Please provide any additional **overall comments** and/or suggestions on the pilot project or how to improve the process for reviewing and recognizing education and training programs in the future.
